2017 SERVICE PROGRAM

NEUTRONICS REFRIGERANT ANALYSIS SERVICE or TRADE UP PROGRAM

Flat Rate Service Program

Neutronics offers a flat rate repair for certain newer models. This flat rate repair covers all required service to make your analyzer as good as new (almost)! The cost is \$349.00 and includes a 6 month warranty*** on the repaired components. This price excludes repairs on the RI-700H. Call your service agent to see if your analyzer qualifies.

Helping you choose which unit is right for your business:

If you are working on cars or automotive refrigerants, then the **RI-2012yf/yfp** analyzers are designed for this application. If you are in the commercial HVACR business and working with R22, R134A or R12, the **RI-2004HV/HVP** is the most economical choice. However, if you want detailed analysis and deal with HVAC/Commercial refrigerant blends, the **RI-700H** is designed for this application.

Product Trade Up Options (Available in the U.S.A. Only)

BASE PRODUCTS

Trade in any Make/Model/Condition refrigerant analyzer and receive a NEW Neutronics **RI-2012yf** or **RI-2004HV** portable refrigerant analyzer delivered to your door. These NEW units come with a full 1 year warranty.***

ADVANCED PRODUCTS

Trade in any Make/Model/Condition refrigerant analyzer and receive a NEW Neutronics **RI-2012yfp** or **RI-2004HVP**. This unit differs from the Base option with a built in printer to document your results. This new unit will come with a full 1 year warranty.***

RECLAMATION PRODUCTS

Trade in any Make/Model/Condition refrigerant analyzer and receive a NEW Neutronics **RI-700H** portable analyzer. This new breed of analyzer has the latest cutting edge technology to analyze many different blends with never before seen detailed results. The RI-700H has a built in LiFE battery and oxygen sensor for Air detection. This new unit will come with a full 1 year warranty.***

The Fine Print

***Warranty: The Neutronics warranty does not apply to Oil Contamination. Ask your service agent for a copy of our standard warranty.

Printer: The printer option is dependent on which model is selected.

Refrigerants: The types of refrigerants identified or analyzed by the Ultima ID depends on which model is selected.

Note: Prices subject to change without notice.
